MANUFACTURING FACILITIES

ABOUT PRIMA

PRIMA PLASTICS LTD. is Public Limited Company, incorporated in 1993 with a multi locational manufacturing facility at Daman, Ongole, Cochin and Indore along with international manufacturing facilities in Cameroon (West Africa) and Guatemala (Central America).

We are the leading manufacturers of Moulded Furniture, Crates, Pallets, Industrial Waste Bins, Road Safety Barricades and more.

We have an in-house product design, development, and testing facility. All our products are manufactured with 100% Virgin Polymers. Our product portfolio includes a vast range in Chairs, Storage Cabinets, Dining Tables, Centre Tables, Stools, and a Kids Range.

Our facilities are ISO certified from TUV-SUD (ISO 9001-2015). We have been consecutive winners of the “Top Export Award” in the Plastic Moulded Furniture Category which has given us the honour of achieving the “**One Star Export House**” Status which is recognized by the Government of India.

At Prima we strive to create products that are designed for maximum seating comfort and relaxation. Plastic furniture is highly multifunctional, light weight and have zero maintenance cost. Not only are they easy to stack and great space savers, they are also weather resistant and easy to clean.

OUR QUALITY POLICY

Our mission is to provide safe, innovative, and quality products at affordable prices. Our in-house quality testing lab ensures the required performance parameters are met which ensure safety, comfort, and long-lasting durability. Explore our measures below.

Load Bearing Tests

We ensure our products meet the high-quality standards and what better way to test that through load bearing tests. Our production teams ensure that your product can tolerate a high load for endurance and longevity of the product.

Manual Inspections

We conduct daily and regular inspections of our products to ensure a quality feel and finish. Customer satisfaction and safety of products is a top priority at Prima. There are a range of stringent quality checks that are conducted at each stage of the production process to ensure that we are delivering sturdy, durable, and quality products to our customers.
